FLUMIST[®] REPLACEMENT PROGRAM

Dear VFC Provider,

We encourage you to take advantage of MedImmune's FluMist[®] replacement program to replace doses of VFC-supplied FluMist[®] with an expiration date "**on or before January 31, 2010**" still in your practice's inventory. These doses may be returned directly to McKesson Specialty in exchange for doses with a longer expiration date. Please keep in mind that only VFC-supplied doses may be exchanged. All requests must be submitted by January 29, 2010.

Replacement Program Details:

- All requests will be handled by McKesson Specialty on behalf of MedImmune.
- Requests for replacement doses **must be placed by close of business on January 29, 2010**. Returned doses must be **received by McKesson by Friday, February 12, 2010**. Requests for replacement doses after these dates will not be honored.
- Replacement product will not be shipped until expired/expiring doses are received. Replacement requests must be in multiples of 10 doses. Requests not in multiples of 10 will be rounded down to the nearest multiple of 10.
- To place your request, call McKesson Specialty's Replacement Request line at **1-877-633-7375** and a customer service representative will walk you the process. They will also provide you with a date and time of vaccine pickup and a Return Authorization Form that **MUST** be included with the returned vaccine.

VFC does not have access to any Replacement Program information. If you have any questions regarding the Replacement Program or the status of replacement requests, please call McKesson Specialty's Replacement Request line directly at 1-877-633-7375.
